

OHANA INSIGHTS-McGrew

NEWS & STORIES

Thank you for joining us for ECO day and our breakfast on the go!

Take a quick look at upcoming events, projects and information for our McGrew community.

This month is coming with more improvements for our McGrew community.

ECO DAY - Residents were encouraged to come out to the Halsey field to learn more about green initiatives and caring for Mother Earth while exploring our petting soon and creating something fun and useful at our sustainable craft stations. Everyone also enjoyed snacks, had fun on some rides and also were able to learn more about our Davey Tree landscaping team and meet our representative for our Resident Energy conservation program to get more info.

The perimeter fence repair is underway and has started at the soccer field. An email was sent out recently with details and the expected completion time will be mid June.

Pet waste stations will be placed around the community to help in keeping our community clean. Please be sure you are picking up after your pet and ensuring children walking pets are also doing so. Always ensure your pet is on a leash when not in your fenced in area and in your control at all times.

Breakfast on the Go- a quick snack while your on the run to start your day. Staff passed out bags with a morning 'pick me up' to get your day started.

Meet me- your Community Manager at the Community Center- I will be setting up shop in the community center once a week to answer questions and help with any issues. I will also have AC and water filters with me so that you don't have to go to self help for those. (limited supplies) Keep an eye out for an email with details coming soon !

Our President's Message

I want to welcome you to the first ever President's Message. I'm excited to have this opportunity going forward to fill you in on some of the things happening at Hunt Military Communities nationwide, and to tell you a little bit more about our employees and our dedication to you, our residents. 58% of our employees have some personal military affiliation. They are either retired military, a veteran, spouse, or was a military child. This

special bond with the armed forces allows us to understand first-hand some of the challenges military families face, and helps drive our desire to take care of everyone who is a part of a Hunt Military Community. At Hunt, an important part of our job is to share our endless gratitude with our residents. Staff shows their appreciation for residents in a variety of ways. From weekly get-to-know-your-neighbor events to partnering with military nonprofits, our mission is focused on giving back to our residents who give so much, and to the communities that support them. Hunt is committed to supporting positive change for our residents, employees and our neighboring communities through efforts that are focused on military issues, health, education, housing, and community betterment. We know you have a choice in where you want to live, and we are grateful you trust us to serve you.

Best,

John Ehle
President
Hunt Military Communities

Monthly Maintenance Tip 101

It is that time of the year again to test your smoke detectors to make sure the batteries are working. Nothing is more irritating than being waken up by a "chirping" smoke alarm. We encourage everyone to check their smoke alarms at least twice a year. In most states, where clocks have to be either fast forwarded an hour in the spring or pushed back an hour in the fall, is normally the signal for us the check our batteries. Since we do not participate in Day Light Savings, we are just sending out a friendly reminder. Most of the smoke detectors require a 9 volt battery, that can be purchased at a store. If you are having a challenge with getting them replaced, please contact us for assistance.
