OHANA NAVY INSIGHTS **NEWS & STORIES**

Our President's Message

As we all prepare for back-to-school, we want to help support you and your children in whatever form their educational experience takes this year. In 2019, on average, families spent close to \$700 per student for school supplies. In addition, many schools also

asked parents to contribute up to \$100 per family for general use classroom materials. When combined with other childcare costs, many military families face difficult choices about whether to ensure their children are well supplied for school or whether to purchase other essential items for their family, including clothing and food. This year, the Hunt Heroes Foundation, in partnership with Operation Homefront, will distribute 1,850 backpacks filled with much-needed school supplies to military families at each of our communities. We are proud to be partnering with this well-respected national non-profit who last year provided backpacks to over 43,000 military children across the U.S. Watch for more information in the coming days about this effort and how you can apply to receive school supplies for your child. As we move ahead together and navigate these uncertain times, we remain committed to serving you and your families.

Best,

John Ehle
President - Hunt Military Communities

A handwritten signature in black ink that reads "John Ehle".

Summer Energy Hero Challenge!

The graphic for the Summer Energy Hero Challenge is framed by a border of tropical flowers and leaves, including pink hibiscus and yellow plumeria. The title "SUMMER Energy Hero Challenge" is written in a mix of bold, sans-serif and cursive fonts. Below the title, the text "LIGHTS OUT, POWER DOWN, AND UNPLUG FOR A CHANCE TO WIN \$1000!" is in white on an orange background. The challenge details are in a white box with a blue border, stating the dates from July 1st to September 30th. A "HOW" section explains the selection process, and an "EXAMPLE" section provides a specific scenario for winning.

SUMMER Energy Hero Challenge

**LIGHTS OUT, POWER DOWN, AND UNPLUG
FOR A CHANCE TO WIN \$1000!**

**Jump Start Your Summer Energy Savings and Participate in the
— SUMMER ENERGY HERO CHALLENGE —**

Jump-start your summer energy savings and participate in the "Summer Energy Hero Challenge"! Find ways to conserve and remain below the lower buffer for your like-type group and you will automatically be entered into the random drawing where two lucky winners per month will receive **\$1,000!**

WHEN

**JULY 1ST
THROUGH
SEPTEMBER 30TH**

HOW: Winners will be selected at the end of each respective month for the three months that the "Summer Energy Hero Challenge" is running for. To be automatically entered, your electricity usage will need to be below the lower buffer for your like-type group. You can monitor your usage throughout the month by logging into your Minol portal.

EXAMPLE: A like-type group's baseline for July is 1,000 KWH. Since the lower buffer is 10% below the baseline, any resident that has usage below 900 KWH will be automatically entered into the drawing.

MONTHLY FUN!

Looking for something fun to do while practicing social distancing? Join us for our grab and go activities continuing all this month!

Check us out on Facebook for more fun!

August 1– August 31

School Supply Drive | Help us give back to the schools this month. We will share a list of what they need most this school year. Drop box at the RSO's.

**BACK TO
SCHOOL
SUPPLY
DRIVE**

August 5

Donut Panic! | Join us for donuts on the go as you head back to school!

August 21

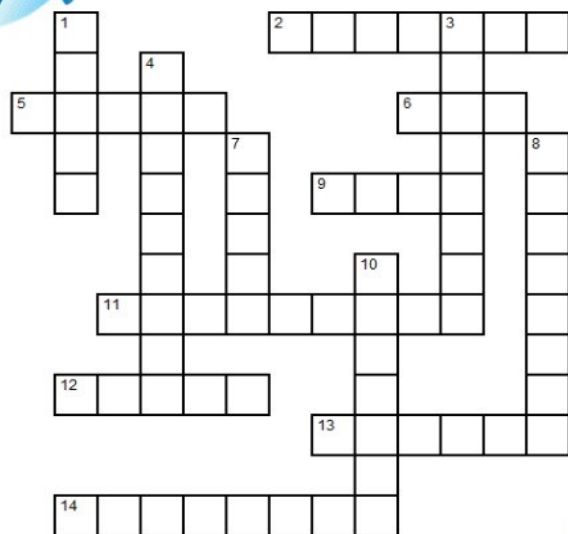

Slice Slice Baby! | Take a break from making lunch and join us at the RSO for pizza on the go!

Kid's Corner!

Ocean Animals

ACROSS

2. fat layer that keeps some marine mammals warm
5. fish use these to breathe oxygen from the water
6. name for a group of whales
9. ocean dwellers that lay eggs and have bones
11. what a shark has instead of bones
12. a shark has several rows of these
13. what younger whales are called
14. marine animals with soft bodies and no backbone

DOWN

1. small creatures that look like shrimp
3. how a whale or dolphin breathes
4. largest animal in the world
7. bioluminescent animals make their own
8. clams, oysters and scallops are all . . .
10. ocean dwellers that birth live babies and nurse their young

MAINTENANCE CORNER

Kitchen Disposal Do's and Don'ts

You can refresh your disposal by grinding lemon or orange peels periodically.

Do not feed your disposal; celery, lettuce, onion peels, corn husks or corn silks, potato skins, artichoke leaves, grease, egg shells, coffee grounds, bones of any kind, fish scales, glass, metal, rice, and oatmeal etc.

Your disposal is equipped with a reset button in the event of a jam. The reset button can usually be found on or near the bottom of the disposal unit and it is usually red in color. If the power is not restored, a service call may be in order.

Always run water through the disposal while it is in use.

Bathroom Etiquette

Do not dispose of baby wipes, cleaning wipes, diapers etc. in the toilet as they are not designed to be flushed. Also, please do not dispose "flushable" wipes in your toilet as they can still cause a backup in your plumbing lines. Only paper products that are designed to be flushed should be placed in your toilets.

Got Clogged?

- Most clogs can be removed with a plunger
- Place the plunger over the hole in the toilet bowl and push down with 3 powerful thrusts. This motion sends pressure down to the drain line to loosen the obstruction.
- If clog can not be removed after several attempts, please contact the maintenance help line (808) 839-4357

Satisfacts SURVEYS

Did you just move in or had a work order completed?

We want your feedback on our service!

Please don't forget to complete your Satisfacts Survey for a chance to win a \$50.00 Gift Card!

Surveys are sent directly via email from surveys@satisfacts.com

Our goal is to provide YOU, our resident with the best in service!
